

CANCELLATION OF LIMITED TAX BENEFIT
Report Pursuant to the Line Item Veto Act, P.L. 104-130

Bill Citation: "Taxpayer Relief Act of 1997" (H.R. 2014)

1(A). Limited Tax Benefit: Section 968. This item is identified as a limited tax benefit at Section 1701(30) of the bill. Section 968, "Nonrecognition of Gain on Sale of Stock to Certain Farmers' Cooperatives", is canceled in its entirety.

1(B). Determinations: This cancellation will reduce the Federal budget deficit, will not impair any essential Government functions, and will not harm the national interest.

1(C), (E). Reasons for Cancellation; Facts, Circumstances, and Considerations Relating to or Bearing upon the Cancellation; and Estimated Effect of Cancellation on Objects, Purposes, and Programs: The canceled item would have allowed deferral of gain recognition on the sale of certain corporate stock of farm-product refiners and processors to an eligible farmers' cooperative, thereby providing an exception to the general rule that gain is recognized when stock is sold. Under current law, gain deferral is permitted on the sale of qualified securities of a corporation to an employee stock ownership plan (ESOP) or an eligible worker-owned cooperative; however, these provisions of current law contain appropriate restrictions that would not have applied to transactions covered by the canceled item, notably restrictions that the seller's stock must not be traded on a securities market and that the seller must not be a corporation. While the Administration wants to encourage value-added farming through the purchase by farmers' cooperatives of refiners or processors of agricultural goods, the cancellation of this provision is nonetheless compelled by two narrow but important considerations. First, the canceled item would have created opportunities for complete avoidance of tax on the gain from a sale of a refiner or processor because it lacks the safeguards that apply to sales of stock to ESOPs. Second, this provision failed to target its benefits to small-and-medium-size cooperatives. The canceled item would not have benefitted farmers generally, would have decreased Federal receipts, would have created opportunities for abusive tax planning, and would have provided preferential tax treatment to a limited group of taxpayers. The legislative history and purposes of this provision were considered, but did not outweigh the foregoing reasons for cancellation.

1(D). Estimated Fiscal, Budgetary, and Economic Effect of Cancellation: As a result of the cancellation, Federal receipts will not decrease by an estimated \$98 million over 5 years and \$155 million over 10 years. This will have a commensurate effect on the Federal budget deficit and, to that extent, will have a beneficial effect on the economy.

1(F). Adjustments to Discretionary Spending Limits: Not applicable.
